

DSA / Algorithms (Abdul Bari) - Day 36

45-day plan mapped to the Algorithms playlist

Sum of Subsets

Sum-of-subsets via backtracking.

Watch these Abdul Bari videos

> 6.2 Sum Of Subsets Problem - Backtracking

Key concepts

- Find subsets summing to a target.
- State-space tree of include/exclude.
- Prune when sum exceeds target.

Key idea

Include or exclude each element; backtrack on overflow.

Tasks (1.5h)

- ☐ Watch the video
- ☐ Code sum-of-subsets
- ☐ Draw the state tree
